

DECLARATION AND CERTIFICATION OF FORMAL DISPUTE / CHARGEBACK PROCESS

Transaction

Transaction Date: 25/08/2025

Amount: INR 42,990

Merchant: Retechi

Axis Bank Credit Card: Ending 8140

Axis Case / Interaction ID: 260617509883

RBI CMS Complaint: N202627002014056

PURPOSE AND SCOPE

This declaration concerns **only the formal dispute / chargeback process** relating to the above transaction.

Subsequent communications undertaken by Axis Bank on a “good faith” / goodwill basis after exhaustion of formal chargeback rights are excluded from the interactions recorded below.

The purpose is to establish the factual record of:

- communications between Axis Bank and the beneficiary / acquiring / merchant bank;
- documents and evidence shared by Axis Bank;
- specifically whether the proof of return supplied by the cardholder was shared with the merchant/acquiring bank;
- responses received from the merchant/acquiring bank; and
- the action or decision taken by Axis Bank after each response.

Where Axis Bank considers any actual communication or document non-disclosable, the Bank is requested to identify the specific basis for non-disclosure.

This declaration does **not** require disclosure of information which Axis Bank is legally prohibited from disclosing.

DOCUMENT AUTHENTICATION AND PAGE-BY-PAGE CERTIFICATION

Page-by-Page Authentication:

Pages 2–5, comprising the Cardholder’s Declarations, Reservation of Rights and Non-Waiver and the Cardholder’s Acknowledgement and Signature, are authenticated by the Cardholder’s signature.

All other pages of this declaration, including the interaction records, annexures and attached evidence pages, shall be initialled or signed by the Principal Nodal Officer or the authorised senior officer signing the Axis Bank certification. The initials/signature shall appear on every applicable page and shall be accompanied by the page number (e.g., “Page 1 of 18”). The final page of the Axis Bank certification shall contain the officer’s full signature, name, designation, date, and official seal/stamp, where applicable.

No page may be omitted, substituted, added, or detached from this declaration after execution without being separately identified, dated, and authenticated by the applicable signing party.

CARDHOLDER'S DECLARATIONS, RESERVATION OF RIGHTS AND NON-WAIVER

1. No admission

The Cardholder makes this declaration solely for the purpose of establishing and clarifying the factual record concerning the formal dispute / chargeback process.

Nothing in this declaration shall be construed as an admission by the Cardholder of any fact, allegation, conclusion, liability, validity of the underlying transaction, adequacy of the merchant's performance, or correctness of any decision communicated by Axis Bank, unless expressly stated by the Cardholder.

Where the Cardholder records a fact based upon information or documents supplied by Axis Bank or another party, that fact is identified as such and shall not be treated as an independent admission by the Cardholder.

2. No waiver of rights or remedies

The Cardholder expressly reserves all rights, remedies, claims, objections and legal or regulatory recourse available under applicable law, regulation, contract, card-network rules, consumer-protection law and other applicable mechanisms.

Participation in this declaration process, supplying information, answering questions, signing this declaration, or requesting clarification from Axis Bank shall not constitute a waiver, release, settlement, compromise, discharge or abandonment of any such right, remedy, claim or objection.

3. No settlement or acceptance of Axis Bank's position

This declaration shall not be interpreted as acceptance of any previous statement, explanation, chargeback determination, merchant-bank response, internal conclusion or other position communicated by Axis Bank.

In particular, requesting Axis Bank to identify and certify the factual history of the formal chargeback process shall not constitute acceptance that the process was correctly conducted or that the resulting decision was correct.

4. No restriction on subsequent evidence

The Cardholder reserves the right to submit additional documents, correspondence, photographs, records, communications or other evidence that subsequently becomes available or is identified as relevant.

The absence of a document from this declaration shall not constitute an admission that such document does not exist, was not previously supplied, or is not relevant.

5. Accuracy of the Cardholder's statements

The Cardholder has provided the information in this declaration based on the documents and information presently available to the Cardholder.

Where a matter cannot be established from the Cardholder's records, the Cardholder has not represented that matter as an established fact.

Similarly, where the answer depends exclusively upon records maintained by Axis Bank, the merchant, the acquiring/merchant bank, or the card network, the Cardholder does not make any representation as to the contents of those records.

6. Distinction between fact and conclusion

The Cardholder requests that factual events be distinguished from conclusions or interpretations.

In particular, the following should be separately identified where applicable:

- (a) what document or communication was sent;

- (b) when it was sent;
- (c) to whom it was sent;
- (d) what evidence was attached or transmitted;
- (e) what response was received;
- (f) what decision was subsequently made; and
- (g) the rule, policy or contractual provision relied upon for that decision.

A statement that a transaction was “valid”, that “service has been rendered”, or that a chargeback was “rejected” shall not by itself be treated as establishing the factual circumstances giving rise to that conclusion.

7. Formal process and subsequent good-faith communication

The Cardholder expressly distinguishes the formal dispute / chargeback process from any subsequent communication or request made by Axis Bank on a “good faith”, goodwill or other non-formal basis after the formal chargeback process was stated by Axis Bank to have been exhausted.

Unless expressly identified otherwise, the interactions recorded in this declaration concern the formal dispute / chargeback process only.

The Cardholder does not intend that a subsequent good-faith request be treated retrospectively as proof that a particular document was submitted, considered or adjudicated during the earlier formal chargeback process.

8. Requests concerning Axis Bank’s own records

Where a question in this declaration concerns an action performed by Axis Bank or a communication sent or received by Axis Bank, the Cardholder requests that Axis Bank answer the question based upon its records.

If the requested fact cannot be established from the records available to Axis Bank, the Cardholder requests that the answer expressly state:

“Not ascertainable from the records available to us.”

The Cardholder does not request Axis Bank to create or reconstruct a record that does not exist.

9. Non-disclosure does not convert into a factual answer

If Axis Bank is unable or unwilling to disclose a communication, document, identity or other information because of a legal, regulatory, contractual, card-network, confidentiality or other restriction, the Cardholder requests that Axis Bank identify the applicable basis for such non-disclosure to the extent legally permissible.

Where disclosure of the underlying document is prohibited but the underlying factual question can nevertheless be answered, the Cardholder requests a factual answer without requiring disclosure of protected material.

10. No authorization to make adverse use of ambiguity

The Cardholder does not intend an ambiguous, incomplete or qualified response to be construed as a definitive factual admission by the Cardholder.

Where a question cannot be answered definitively, the Cardholder requests that Axis Bank identify the answer as “YES”, “NO”, “OTHER”, or “NOT ASCERTAINABLE FROM RECORDS”, as applicable, together with a concise explanation.

11. Preservation of records

The Cardholder requests that Axis Bank preserve, in accordance with its applicable legal and regulatory record-retention obligations, the records relevant to the formal dispute / chargeback process, including records concerning communications, documents submitted, responses received and decisions taken.

This request is made without asserting any particular retention period beyond what is required or applicable to Axis Bank.

12. Regulatory and legal basis for this declaration

This declaration is intended to facilitate a clear factual record and is not intended to create a contractual obligation by unilateral declaration.

The Cardholder relies, among other things, upon the regulatory framework governing credit-card issuers and grievance redressal.

The RBI Master Direction – Credit Card and Debit Card – Issuance and Conduct Directions, 2022, including the applicable provisions concerning grievance redressal and maintenance of records, is relied upon for the purpose of this request.

The Reserve Bank – Integrated Ombudsman Scheme, 2026, including the applicable provisions concerning the Regulated Entity’s written response and documents relied upon, is also relevant to the factual record requested herein.

The RBI Integrated Ombudsman framework provides for the Regulated Entity to submit its written response and documents relied upon in relation to a complaint and provides for relevant material submitted by one party to be furnished to the other party, subject to the applicable framework.

Accordingly, the purpose of this declaration is to obtain a clear factual record of the Bank’s own handling of the formal dispute rather than to require disclosure of information that the Bank is legally prohibited from disclosing.

13. No prejudice

Nothing in this declaration shall prejudice the Cardholder’s position in any existing or future proceeding, complaint, representation, consumer proceeding, arbitration, civil proceeding, regulatory proceeding, or other lawful remedy.

The Cardholder expressly reserves the right to rely upon this declaration, the Bank’s responses, the underlying documents, and subsequently obtained evidence in any forum having jurisdiction over the matter.

14. Reliance on Bank’s certification

Where an authorised officer of Axis Bank signs a certification concerning the Bank’s records, the Cardholder will understand that certification as a representation by the Bank concerning the records available to the Bank and the factual matters expressly certified therein.

Nothing in the Cardholder’s signature shall convert the Bank’s certification into a statement made or adopted by the Cardholder.

15. Limited purpose of signature

The Cardholder’s signature, if placed on any copy of this declaration, shall signify only that the Cardholder has submitted the document and identified the factual questions and reservations contained in it.

It shall not signify acceptance of any response subsequently inserted by Axis Bank, acceptance of any undisclosed document, waiver of any right, or settlement of the underlying dispute unless a separate written settlement is expressly executed for that purpose.

CARDHOLDER’S ACKNOWLEDGEMENT AND SIGNATURE

I confirm that the statements made by me in this Cardholder’s Declaration are made in good faith and based on the information and documents presently available to me.

My signature acknowledges **submission of this declaration only**. It does not constitute acceptance of any statement, response, determination or conclusion made by Axis Bank, the merchant, the acquiring/merchant bank, or any other party.

My signature does not constitute a waiver, release, settlement, compromise, admission of liability, or acceptance of the outcome of the dispute / chargeback process.

☐ Other: _____

Date/reference under which the return proof was shared:

Merchant/acquiring bank response

Response Date: _____

Response received:

What did Axis Bank decide/do after receiving the response?

RETURN-PROOF IDENTIFICATION

For clarity, the return evidence referred to in this declaration is:

RP-1 — Courier return evidence

Picture showing the courier package being sent/returned to the merchant, including the merchant's return address.

RP-2 — Merchant receipt evidence

Picture/communication supplied by the merchant after receiving the returned product.

Additional defect evidence

Evidence showing the defective/broken display and the condition of the product.

Important: RP-1 and RP-2 are identified separately so that Axis Bank can state precisely whether either item was actually transmitted to the merchant/acquiring bank during the formal dispute process.

MERCHANT / ACQUIRING BANK IDENTIFICATION

Legal / official name:

Role:

- ☐ Beneficiary Bank
- ☐ Acquiring Bank
- ☐ Merchant Bank
- ☐ Other: _____

Officer name, if disclosable:

If individual name cannot be disclosed, designation:

Official business email, if disclosable:

Official business/postal address:

Official contact number, if lawfully disclosable:

NON-DISCLOSURE OF COMMUNICATIONS / DOCUMENTS

Axis Bank is requested to provide a response to every applicable question and field in this declaration.

For any question providing **YES / NO / OTHER**, Axis Bank is requested to select **one** of the available responses. An applicable question should not be left blank.

If the answer cannot be established from the records available to Axis Bank, the Bank is requested to state:

“Not ascertainable from the records available to us.”

If a field is not applicable, the Bank is requested to state:

“N/A — Not applicable”

and provide a brief explanation.

A blank field shall **not be treated as a response**.

If Axis Bank states that any communication, document, officer identity, merchant-bank identity or response cannot be disclosed, please specify:

Item not disclosed:

Reason for non-disclosure:

- ☐ Law
- ☐ RBI direction/regulation
- ☐ Card-network rule
- ☐ Contractual restriction
- ☐ Bank policy
- ☐ Confidentiality obligation
- ☐ Other: _____

Specific rule / clause / provision relied upon:

If “Bank policy” or “Other” is selected, please identify the specific policy, rule, provision or basis relied upon:

Does the stated restriction also prevent Axis Bank from answering the factual question whether the return proof was shared with the merchant/acquiring bank?

- ☐ YES
- ☐ NO
- ☐ OTHER — explain: _____

If YES, please specify the basis on which the factual answer itself cannot be provided:

If the actual communication cannot be provided, can Axis Bank provide a factual summary of the communication and its outcome?

- ☐ YES

- ☐ NO
- ☐ OTHER — explain: _____

If NO, please state the specific basis:

A refusal to provide an underlying document shall not, by itself, be treated as an answer to the separate factual question of whether the relevant document or evidence was **received, transmitted, considered, or relied upon** during the formal dispute / chargeback process.

Where disclosure of an underlying document or communication is restricted, the Cardholder does not require disclosure contrary to law. Axis Bank is nevertheless requested to provide the underlying factual answer to the extent that it can lawfully do so.

If any applicable question or field remains unanswered, Axis Bank is requested to identify the field and state the reason for leaving it unanswered.

CERTIFICATION

We certify that the information supplied by Axis Bank is true and accurate to the best of our knowledge based on the Bank’s records.

Where a requested fact cannot be established from the records available, the Bank is requested to state:

“Not ascertainable from the records available to us.”

Where any information or document has not been disclosed, the specific basis for such non-disclosure has been identified above.

This certification concerns the **formal dispute / chargeback process only** and does not include subsequent communications undertaken by Axis Bank on a “good faith” / goodwill basis after exhaustion of formal chargeback rights, unless expressly identified as part of the formal process.
